The Senedd Commission (Senedd) has partnered with the Windsor Fellowship to launch a new internship programme, offering four opportunities to individuals from a Black, Asian or Ethnic Minority background.

The Senedd is committed to attracting talent from a wide range of backgrounds and recognises the value in reflecting the diversity of the Welsh population.

The internship programme is a great way to gain paid work experience in an exciting and unique environment at the heart of Welsh democracy.

**About the internship**

We are offering a paid, 12-month training internship for four graduates from a Black, Asian or Ethnic Minority background. You can choose to apply for placements within various areas across the organisation.

Although the internship does not offer or guarantee a substantive role at the end of the 12-month period, the aim is for you to develop the skills and gain the experience required for a role within the Senedd Commission or elsewhere.

Training at the Senedd means you will be at the heart of Welsh politics, developing your skills and knowledge on how to best navigate and assist a busy and exciting workplace where Wales’ laws are made. The Internship is an excellent opportunity that has been designed to provide you with the understanding and ability to develop within a diverse and inclusive organisation.
The Programme

What is the Senedd Internship Programme?
The Senedd Internship is an exciting 12-month training programme for graduates who identify as Black, Asian, or Ethnic Minority. During the training programme, interns will not only gain an insight into how the Senedd Commission operates and supports the parliamentary business of the Senedd Members, but will also learn the skills, abilities, and competencies that will enable them to confidently apply for roles within the organisation or elsewhere.

Why are only those from a Black, Asian and Ethnic Minority background eligible to apply?
The Senedd Commission’s publicly available annual Diversity and Inclusion reports have shown that our workforce is underrepresented in terms of those who identify that they are from a Black, Asian or Ethnic Minority background, especially at more senior levels. Colleagues who identify as being from a Black, Asian, or Ethnic Minority background are concentrated at the more junior roles within the organisation - 81% of staff who identify as Black, Asian, or Ethnic Minority are in the two lowest pay bands. This structural distribution also contributes to the Commission’s ethnicity pay gap, which is notably larger than the recent Wales-based ethnicity pay gap figures. The purpose of this scheme, and why those who are from a Black, Asian, and Ethnic Minority background are able to apply, is so that the Senedd Commission can continue to actively address the two aforementioned perceived barriers faced by the Black, Asian, and Ethnic Minority communities.

What is Windsor Fellowship’s involvement/role in the programme?
The Senedd is partnering with Windsor Fellowship to attract, source and shortlist the candidates applying to the Internship Programme. They will also provide you with pastoral and interview support from the point of application. Post offer they will provide leadership training, pastoral mentoring and support during your internship at the Senedd.

When is the application deadline?
2 April 2023 at 11.59PM (GMT). We recommend submitting your application earlier than the deadline time to mitigate for any technical issues.

What are the Insight Sessions and how do I sign up?
The Insight Sessions will be run virtually and allow prospective candidates the opportunity to submit questions about the programme and learn more about the Internship. The Sessions will be facilitated by the Windsor Fellowship and sign up here.
